Munich Germany September 14 2024 Proceedings Part Iv Lecture Notes In Computer Science

The 14th International Conference on Computer Science and Software Engineering will be held in Munich, Germany, from September 14 to 16, 2024. The conference will bring together leading researchers and practitioners from academia and industry to share their latest research and insights on a wide range of topics in computer science and software engineering.

The conference will feature a keynote address by Professor Dr. Manfred Broy, Director of the Institute for Software and Systems Engineering at the Technical University of Munich. Professor Broy is a world-renowned expert in software engineering, and his keynote address will provide a unique perspective on the latest trends and challenges in the field.

In addition to the keynote address, the conference will include a number of invited talks and paper presentations. The invited talks will be given by leading researchers from around the world, and they will cover a wide range of topics in computer science and software engineering. The paper presentations will be given by researchers and practitioners from academia and industry, and they will present the latest research findings in the field.

Computer Vision – ECCV 2024 Workshops: Munich, Germany, September 8-14, 2024, Proceedings, Part IV (Lecture Notes in Computer Science Book 11132)

★★★★★ 5 out of 5

Language	: English
File size	: 113580 KB
Text-to-Speech	: Enabled
Screen Reader	: Supported
Enhanced typesetting	: Enabled
Print length	: 1162 pages
Paperback	: 102 pages
Item Weight	: 7.4 ounces
Dimensions	: 6 x 0.26 x 9 inches
X-Ray for textbooks	: Enabled

The conference will also include a number of workshops and tutorials. The workshops will provide an opportunity for participants to learn about new research topics and to network with other researchers. The tutorials will provide an overview of the latest advances in a particular area of computer science or software engineering.

The conference will cover a wide range of topics in computer science and software engineering, including:

- Artificial intelligence

- Big data

- Cloud computing

- Cybersecurity

- Data mining

- Distributed systems

- Formal methods

- Human-computer interaction

- Machine learning

- Mobile computing

- Networking

- Operating systems

- Programming languages

- Software engineering

- Web services

- **Submission deadline:** March 15, 2024

- **Notification of acceptance:** May 15, 2024

- **Camera-ready deadline:** June 15, 2024

- **Conference dates:** September 14-16, 2024

All papers must be submitted electronically in PDF format. The papers should be formatted according to the Springer LNCS style guidelines. The papers should be no more than 12 pages in length.

The papers will be reviewed by a double-blind peer review process. The reviewers will be experts in the field, and they will evaluate the papers based on their originality, technical correctness, and overall quality.

The registration fee for the conference is €350. The registration fee includes access to all conference sessions, the keynote address, the

invited talks, the paper presentations, the workshops, and the tutorials.

A number of hotels are located near the conference venue. The conference organizers have negotiated special rates with these hotels, and participants can book their rooms at a discounted rate.

Munich is easily accessible by air, rail, and road. The conference venue is located near the Munich Airport, and there is a direct train line from the airport to the city center.

The 14th International Conference on Computer Science and Software Engineering will be a major event in the field. The conference will bring together leading researchers and practitioners from academia and industry to share their latest research and insights. The conference will feature a keynote address by Professor Dr. Manfred Broy, Director of the Institute for Software and Systems Engineering at the Technical University of Munich. The conference will also include a number of invited talks, paper presentations, workshops, and tutorials.

We encourage you to submit your papers to the conference and to attend the event. We are confident that the conference will be a valuable experience for all participants.

For more information about the conference, please contact the conference organizers at:
